Manufacturing powder coatings

Site Vision

To deliver outstanding quality, service and innovative products to meet and/or exceed customer expectations and to become the #1 Powder coating supplier for the Mexico market.

History

- 2002** AkzoNobel began operations in Mexico with the joint venture of INDA, a local powder coatings company.
- 2010** AkzoNobel begins its Central America operations.
- 2012** AkzoNobel fully acquires INDA.
- 2020** Installed production line #5 (extruder and mill) for specific automotive market sector customers. Also installed rapid supply unit production line #1 (extruder) for small batches, 250 - 500 kilograms.
